

Annovae™

STEP 4

## Annovae Clear Skin System - Zap It

Using patented QuSome® delivery technology, this zit zapping gel features 1.2% plant-based salicylic acid in a concentrated blemish treatment formula. The lightweight gel targets specific flare-ups as it helps minimize irritation, while skin surface is gently exfoliated. The advanced delivery technology helps accelerate results with improved efficacy, keeping pores clear and refining skin's texture.

### Key Performing Ingredients:

**\*QuSome® technology** : A proprietary molecule for the delivery of the active raw materials, as well as a customized compounding procedure to ensure that the active raw materials are encapsulated and delivered subdermally in their most pristine and active state.

**Canadian Willowherb Extract** : A powerful multifunctional active that greatly reduces redness/irritation, scavenges free radicals, and has effective antibacterial properties.

**Wintergreen Leaf Extract** : Potent botanical source of Salicylic Acid, a proven acne active raw material that gently exfoliates and refines. Has anti-microbial and anti-inflammatory properties, while eliminating excess sebum, purifying the skin, and smoothing wrinkles.

### Benefits:

- Fast acting spot treatment that dries clear, forming a protective seal over the blemish.
- Clears up blemishes and evens out dark spots caused by blemishes.
- Naturally occurring salicylic acid which helps exfoliate and support skin regeneration.
- Cools, calms, and refreshes the skin upon application.
- Safety tested.

\*QuSome® is a patented delivery technology and registered trademark of BioZone Laboratories, Inc.

IDEAL FOR: OILY TO BLEMISH-PRONE

**Active ingredient** : Salicylic acid 1.2% (w/w)

**Ingredients**: water, alcohol denat., glycerin, epilobium angustifolium (canadian willowherb) extract, gaultheria procumbens (wintergreen) leaf extract (source of salicylic acid), xanthan gum, hydroxyethylcellulose, citric acid, niacinamide, potassium sorbate, peg-12 glyceryl dimyristate, sodium benzoate, camphor, aloe barbadensis (aloe vera) leaf juice, tocopheryl acetate, calcium pantothenate, pyridoxine hcl, sodium ascorbyl phosphate, maltodextrin, sodium starch octenylsuccinate, silica, vanillin, mentha arvensis leaf oil, melaleuca alternifolia (tea tree) leaf oil, cinnamomum camphora (camphor) bark oil, mentha spicata herb oil, mentha cardiaca herb oil, lavandula angustifolia (lavender) oil, eucalyptus globulus leaf oil, lavandula hybrida oil, caprylic/capric triglyceride.
